WHY CHOOSE WORK CLUB?

A membership at one of our Work Clubs will unlock a suite of benefits designed to effortlessly boost employee engagement and retention. These are some of the benefits membership provides.

Boost employee engagement

We have designed our spaces to inspire and to elevate. They are beautiful. They are the kind of workspace that demands the greatest work outcomes. It's a workspace your team will eagerly look forward to.

Foster growth via personal and professional development

We bring world class speakers and thought leaders into our spaces to connect people with new ideas and greater networks that will elevate them both personally and professionally.

Supported working with concierge services

We pride ourselves on being an extension of your business. Our concierge provides tailored support to enhance your day, handling everything from welcoming guests to organising dry-cleaning and dining recommendations. They're proactive in meeting your needs, often before you realise you need anything.

Create a culture employees want to be a part of

The day-to-day connections we facilitate for members within our Work Clubs will elevate your business, your network and your everyday life. Get your team along to roundtables and events that will promote lifelong learning, connection and education.

Support health and wellbeing

We offer wellness programs designed to unlock peak performance and propel success – our members can transform their health, while they work.

Stress free onboarding

Joining Work Club means bypassing traditional upfront workspace costs with no CAPEX expenses and enjoying a seamless onboarding process. Experience hassle-free productivity and focus on what truly matters.
